- Captures growth in both established and emerging markets

Environment

- Key industry priority
- Energy and HFC Free refrigeration

Fourth Quarter 2010 highlights

- Sales advanced by 17.8% in Q4 y-o-y, cycling a strong Q4 2009.
- Sales at Cool Operations increased by 19.0% in Q4, reflecting ongoing strong momentum in Eastern Europe (+95%) and sales growth acceleration in Africa/Middle East (+35.6%).
- Sales at Glass Operations grew 13.3% in Euro terms in the quarter, mainly driven by glass (+22.9%).
- Consolidated Operating Profit reached €8.7 million, up 28.1%, reflecting the effect of positive operating leverage, partly offset by the dilution to profitability from the start-up phase of the USA operation and the increased warranty and service provision relating to the placements of new products.
- EBITDA increased by 14.3% to €14.8 million, with the respective margin at 13.4%.
- Net Profit reached €1.5 million, compared to a €3.5 million loss in the prior year period.

Full Year 2010 highlights

- Maintaining leading global position in the ICM market.
- Continued positive trends in the emerging markets and signs of recovery in Europe.
- EcoCool reached 25% of European sales, delivering sustainable environmentally-friendly solutions to our customers.
- Launched 45 new products during the course of the year. Won industry accolades recognising our Green efforts.
- North America's integration on track.
- Glass Operations maintained its positive momentum.
- Net Debt/EBITDA decreased to 2.3x compared to 3.1x last year.
- Capex reached €30.6 million, with €15.8 million directed towards Cool Operations for machinery and equipment, and the remainder directed towards Glass.

Glass Operations

Glass Operations

Glass bottles are the most important packaging form in Western Africa. Frigoglass offers a complete solution with the production of Metal Crowns and Plastic Crates

Glass Operations Financial Highlights

Full Year 2010

- Glass Operations Sales increased 12.7% in Euro terms for the full year to €82.0 million.
- Glass Sales increased 9.2% for the full year to €56.6 million. The performance includes the impact on sales at the beginning of the year of the planned closure of one of the furnaces for refurbishment and the significant increase in energy prices which led to delays in sales orders.
- Sales at Other Operations (Metal Crowns & Plastic Crates) increased 21.5% in Euro terms for the full year to €25.4 million.
- Capex amounted to €14.8 million.

2011 Outlook

- We expect to maintain our positive momentum in the emerging regions and continued recovery in Europe.
- We expect increased sales contribution from our recent investments in North America and the Philippines.
- Glass is expected to maintain its positive momentum seen last year.
- The recent spikes in the raw material prices are expected to impact our cost base.
- Capex for full year 2011 is expected to reach approximately €38 million, directed both towards Cool Operations on capacity and efficiency improvements as well as towards Glass.
- Our market leading position, the flexibility to adjust our production base to expected demand patterns, together with our continued investment in new products and services, leaves us well placed to continue to deliver growth.
- Improving capital structure and liquidity allow us to continue pursuing attractive opportunities as they arise.
